

## URGENT

### - Outdoor Seating + Temporary Structures -

We are hearing disturbing news that Bristol City Council are now saying that all structures aside from tables and chairs need to be taken down off the highways and this includes those in pedestrianised/temporary pedestrianised areas such as Cotham Hill, King St, Old City and the half of Princess Victoria Street. This is on top of making businesses not use the road space anymore from later this month outside the aforementioned zones.

If you are affected we urge you to contact us - email
